HOW IT WILL WORK

IT'S ALL IN ONE DAY

Before Nov 7: We learn the ensemble pieces here and prepare our parts at a specified tempo. We will have practice recordings available to use on the gimta.org website.

Week of October 26-30: Your teacher will work with your student to record them playing at performance tempo.

Concert Day: Each piece has its own assigned rehearsal time with the other players and the conductor, Zak Tschiniak, an experienced pianist and orchestral director.

Your student will need to attend the **mandatory** rehearsal at the venue for his or her piece earlier in the day, then perform in the concert, which is at 6:00 pm.

This concert is a rare opportunity to play with other pianists from Central Indiana on a stage with 6-8 pianos.
I very much look forward to including your student in this special event!

PIANO ENSEMBLE CONCERT
OPPORTUNITY

You are invited to play piano in a unique multi-piano event!

The GIMTA Piano Ensemble is a unique concert involving multiple pianos on the stage. Students from all over the Greater Indianapolis area participate by preparing a duet, duo, trio or quartet with their teacher and then coming together to rehearse with an experienced conductor. During rehearsal, students hone their performance of their piece in preparation to play for a large audience of family and friends.
